

“Give the Gift of a Creative Future”

What difference will a gift in your Will make to Hive?

Hive is a small charity that does a huge amount of work, creatively supporting 2,000 people per year. Any gift whatever the size will make a huge difference to Hive. To give you an idea of what kind of things a “*gift in your Will*” could fund:

£500

Would buy a piece of ceramic/woodwork/art equipment to maintain the facilities which are used by over a 1,000 people per year.

£1,000

Would help enable us to run a programme of activities for vulnerable young people.

£5,000-£10,000

Would pay for a year’s salary of one of our wonderful technical support staff who make coming to Hive such a pleasure.

£10,000-£15,000

Would pay for staff to support the volunteer programme to help people grow.

£15,000- £20,000

Would help us to expand our services to different areas of Bradford.

A letter from our Chair

“I know how important Hive is to the people who come here and what a difference it makes in the community. I also know what a difference Hive has made to my life. Being around people who are creative has inspired me to take on new things. This is why I became a member of the board to help keep the organisation alive and protect its future.

I know I will be leaving something to Hive in my Will. It has changed my life and I want future generations to have the same opportunity that I have had”

Geoff Taylor, Hive Chair

“Hive is a really essential community resource for people to maintain their wellbeing through creativity. It is essential. I don’t know where else I’d send my clients upon discharge at the end of art therapy, or at least signpost them to as there’s very little provision that would meet their needs.” – Mental Health Support Worker

About Us

Hive is about people

We want to give **everyone** the opportunity to thrive and being creative is one of the best ways to do this. Therefore it is vitally important that we provide the following:

A space to be creative:

We have an accessible space with facilities for ceramics, woodwork, visual and digital arts activities open year round on a drop in basis.

“There’s something very magic about the place!”

Support:

We have a skilled staff team and dedicated volunteers who are there to help people access the facilities and really make a difference to the Hive experience.

A learning experience:

Everyone is learning at Hive including the staff, volunteers and members that is what makes it so special.

Creative Wellbeing

Being creative makes you happy and therefore vitally important in maintaining wellbeing as well as an important part in any recovery.

Creative Communities

Being creative brings people together and helps build communities.

Creative Development

Being creative breaks down barriers and inspires people to fulfil their true potential.

Creative Space

We believe that everyone should have access to a creative space

Thank you
